On June 30th, Mrs. Henry Powers was baptized and received as a member of the Catholic church, baptism was administered by Rev. Fr. Van. Her sponsors were Mr. and Mrs. Jas. Walsh.

We are not going to wear a garb of mourning for our rooster not a bit of it, sir, but the Wa-Keeney bird will look like he's in mourning next time we play with him; and don't you doubt it.

Jas. Yanda and Miss Dora Zigler were married Sunday morning at St. Michael's church by Rev. Fr. Van before a large congregation. The couple made one are well and favorably known especially the groom and he has a large circle of friends who wish him and his worthy bride a happy future.

The editor of this paper had in his editorials about the Collyer rooster returning home with his feathers a little (bedraggled) the Fourth. Well it was a very lamentable fact and we sadly regret it but never mind Mr. Editor the next time the Wa-Keeney nine play with the Collyerites their rooster will be so sadly devoid of all his feathers he'll have none to bedraggle home.

### Death of Henry Spena.

Last Saturday morning Henry Spena died at the home of his mother, Mrs. A. Spena, of this city. Some time ago Henry had a sun stroke and since that time has been in a more or less critical condition, however by the aid of the physicians he was thought to be improving when he was taken suddenly ill in the night and died the next morning.

Had he lived until Sunday he would have been 27 years of age.

Henry was born in Trego county and brought up here. He was universally liked for his good humor and kind heart, and had a large number of friends both in town and in the country and he will be much missed by them.

He was the youngest of seven brothers and was unmarried and leaves a mother, six brothers and one sister, Mrs. J. J. Jeraus, to mourn his loss.

On Monday at 10 o'clock a. m. the funeral was held at the Presbyterian church and was conducted by Rev. Everett assisted by Rev. Scott of the M. E. church. The floral offerings were numerous and beautiful. The interment was made in the Wa-Keeney cemetery.

The World with friends extends sympathy to the family in this their loss.

Women and babies are a good deal alike. One cries if a man looks them, the other cries if he don't.

When a woman is large and commanding and fine looking people say she is coarse. When she is petite, pretty and delicately made they refer to her as cute.

Why does a woman when a neighbor runs in and the house is spick and spank and she, herself, a model of neatness exclaim in seeming sincerity, "Oh come right in I am so glad to see you, but for pity sake don't look at the dirt."

The modern feminine head of hair with its snarls and tangles, switches and rats, wire frames and kid curlers, shoe strings and ribbons, is a never failing source of wonderment to the average male mind.

We've noticed the prettiest woman in a town generally has a pretty hard time after all, for all the rest are jealous of her.

We are impressed that the clergy still objects to the peek-a-boo waist.

A man is generally more interested in a woman who has the reputation of being a good cook and knowing how to darn socks than he is in the one that can do the "sweetest" embroidery work you ever looked at.

If a woman can bake a pie that the crust will melt in your mouth you needn't worry much about her knowing how to do the rest.

We are willing to own that with all her faults that we love her and wouldn't be willing to try and get along without her if we do occasionally have to pay her millinery bill.

### Trego County Clerk Loses Out.

In the case of John W. Phares against Cyril M. Khrut all from Trego county; the supreme court finds that Phares, while acting as county clerk was guilty of misconduct because of his action in padding a jury box from which was drawn the jury which tried a case in which he was involved. Khrut brought action against Phares for \$2,000 damages, claiming that Phares had acted as his agent in the sale of some land, and had pretended that he sold it for 8,000 when as a matter of fact he received 9,600. The case was tried and judgment was rendered for Phares.

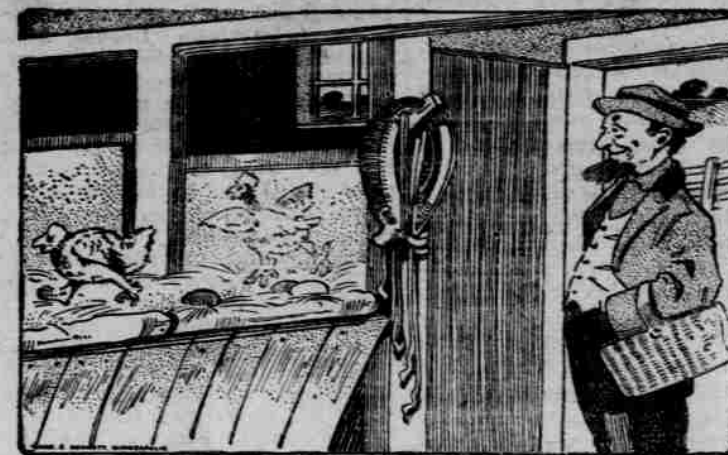

Then Khrut applied for a new trial on the grounds that Phares had tampered with the jury box, and the judge allowed the motion. Phares then appealed to the supreme court. The case will now go back for new trial to Trego county. Phares denied tampering with the jury box but the supreme court says that the affair looks suspicious and it thinks that the evidence warrants a new trial.—Salina Evening Journal.
